# POPPY PLANTING TIME!

Poppy packs at City Hall, the Library, and Chamber of Commerce.  
Look for them, follow the instructions and happy planting.

## New Payment Kiosk at Castroville Library

The new payment kiosk at the Castroville Public Library is up and running! We have received great feedback and will be making additional improvements to expand the drive entrance as well as **waive all credit card fees for our utility customers**. The kiosk is already free to use for all customers paying by cash or check. **The drop off locations at city hall will be permanently closed within the next few weeks.**

## RESIDENTIAL WASTEWATER CHARGE

- As we are fast approaching the winter months, please be mindful of your water usage. Unlike the water service you receive from the City of Castroville, wastewater discharge from your home to the sewer treatment plant is not metered. Therefore, the water usage for the months of **October, November, December, and January** are **averaged** to recalculate your **annual wastewater rate**.
- The billing specialist will average the **November, December, January, and February** billing with the **highest bill discarded**. The remaining three months' average will determine the usage upon which the wastewater rate is based. This average will be reflected on your statement in March and continue at that rate for a year. We should all practice water conservation every day to preserve a valuable resource. This helps reduce costs for everyone.

## Light Up Castroville

Get your lights and get prepared to Light Up Castroville this holiday season.

**DETAILS TO COME.**

Castroville Public Library  
Celebrates

**DIA DE LOS MUERTOS**

Join us for Sugar skull decorating.
