## GEARING UP FOR GIVING HANKS KIDS

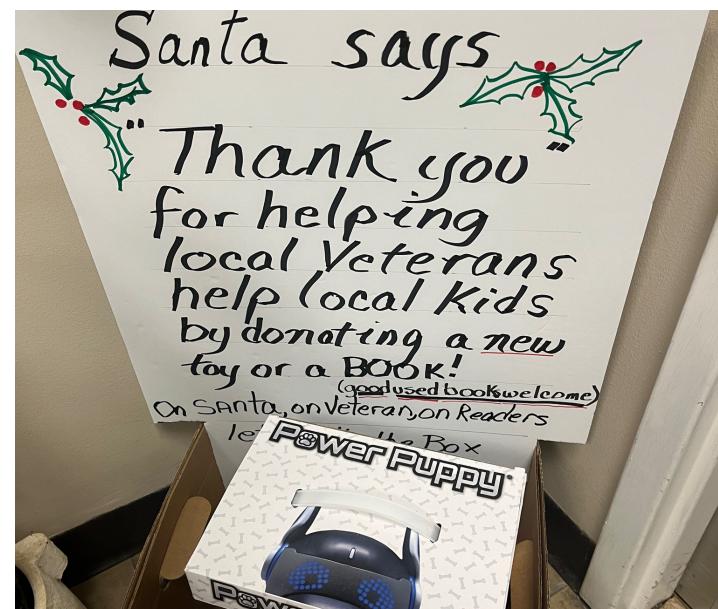

NOVEMBER 2023

HANK for Kids works closely with the Department of Family and Protective Services and Bluebonnet Children's Center, which includes the Tri-County Court Appointed Special Advocates program and the Children's Advocacy Center, to meet the needs of over 250 foster children in South Texas each year. This year, the Castroville Public Library is joining forces with HANK for Kids to provide even more support to foster children in the community. The library will be donating knitted hats to help keep the children warm during the winter months, as well as goodie bags filled with fun surprises to bring a smile to their faces. These small gestures can make a big difference in the lives of these children, and we are grateful for the opportunity to support an amazing cause.

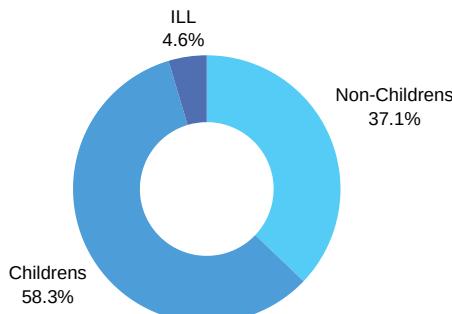

## AMERICAN LEGION POST 460

The gift of reading and play can make a big difference in the lives of children, especially those who may not have access to many resources. That's why we're proud to team up with our local American Legion Post to provide a donation drop-off station for books and toys. The children will enjoy a visit on December 20th from no other than Santa Claus, where they will be presented with a gift bag. There is no doubt that this cause will help to bring a smile to a child's face and foster a love of learning that can last a lifetime.

NOVEMBER 2023

## 3D PRINTING SERVICES AT THE LIBRARY

Transform Your Coolest 3D Designs into Reality with Our Printing Service! Our premium printing service is primed to bring your 3D designs to life. You can create your models without breaking the bank at just \$1.25 per hour, plus a small \$1 service fee. Since the library started this program, over a hundred prints have been printed, from a tyrannosaurus rex to an articulating dragon!

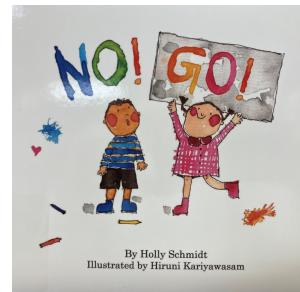

## GREAT ROOM ESCAPE TEAM-BUILDING

With this fun activity, the library staff's hard work and dedication gave them a fun and engaging way to bond and build stronger relationships. Staff went on the Orient Express to solve a murder that the investigators had not been able to come to any conclusions on. We had to solve numerous riddles and find the clues as the clock ticked down and pressure rose! Faced with these obstacles, the staff used communication, problem-solving, and critical thinking skills, all of which are valuable qualities in the workplace, to identify the killer, their motive, and the victim's cause of death with only 30 seconds to spare.

## STORYTIME WITH HOLLY SCHMIDT

Holly Schmidt has worked in daycares and schools. She earned a BA in Elementary Education and a master's in Curriculum and Instruction, specializing in reading instruction. *No! Go!* is her first book written to build parent and child connections and create confident new readers who love to read. Holly stopped by Storytime and shared her book with the attendees. The parents and children quickly joined in to answer the questions about what they should and should not do to have fun and be safe.
