## Community Survey

We're asking residents to take 15 minutes to complete our Community Survey. Your feedback directly shapes city services, parks, roads, and more. Speak up

help guide where we go next! We know 15 minutes is a BIG ask—but it helps us make BIG decisions about YOUR neighborhood, YOUR utilities, YOUR services. Because Castroville cares, and YOUR voice matters!

## Public Works Pointer how to catch a leaky toilet

Toilet leaks are one of the most common -- and most unnoticed -- sources of wasted water in a home. Many leaks are silent, which means you might not even realize they're happening until your water bill starts creeping up.

Here's a simple test you can do: Drop a dye tablet, tea bag, or a few drops of food coloring into the tank (that's the top part of the toilet). Don't flush -- and just wait 10 -15 minutes.

If color shows up in the bowl, you've got a silent leak! Fixing it is usually easy and inexpensive -- often just a worn-out flapper. A quick fix today could save hundreds of gallons of water (and money!) over time.

## What To Do In Case of a Natural Gas Leak

### **Don't --**

- Operate anything electronic or light a flame
- Turn on or off the lights
- Use the telephone
- Turn on or off the television or radio
- Turn on or off the a flashlight
- Turn on the gas range or other gas appliance
- Strike a match
- Open an automatic garage door

### **Do --**

- Exit the building immediately
- Leave the door open on the way out
- Leave the area immediately if you're outside
- Go to another place and the call the fire department or gas company to report the leak
- Stay away until someone from the fire department, gas company, or emergency area says it is safe to return.

# Annual Water Quality Report for 2024

This is your annual report about your drinking water quality, also called a Consumer Confidence Report or CCR. Having clean, safe water is one of the most important services we provide, and we want you to be as informed as possible about your drinking water.

This report is intended to provide peace of mind and confidence in your drinking water. Here we explain where your water comes from, the results of sampling that we have performed, and what we are doing to protect you and your family. We are proud to report that the water we provide to you has met all federal and state requirements in 2024.

If upon reading this report, you have any questions, or don't feel that peace of mind, please reach out. You may contact us at [pwadmin@castrovilletx.gov](mailto:pwadmin@castrovilletx.gov), 830-931-4090, or visit us in person at 703 Paris St, Castroville TX 78009.
