Notice of Construction

2021 Street Improvements

Berlin St. (Jackson St. - Lorenzo St.)
Petersburg (San Jacinto St. - End)

Starting Date: Weather permitting, beginning on
Tuesday November 16th, 2021.

Description of Work Activities: The City of Castroville has contracted with LCR Total Transport, LLC to do improvements in your area. This work will involve street repairs as well as sub-grade and chip seal improvements. You may notice traffic control signs and utility flags as the underground utilities are located prior to construction commencing.

Anticipated Duration: Anticipated overall project duration is 2 months. Construction in your vicinity may not extend for this entire period. Further notices will be delivered as construction proceeds.

Action Required by Residents: No action is required at this time. All are encouraged to take note of this construction activity in the area and allow extra travel time as ***delays may occur***. As always, caution should be exercised when traveling through the construction area.

As with all paving operations, saw cutting of joints in newly poured pavement is critical and it may be disruptive beyond normal work hours. *For safety reasons, please keep children and pets away from the construction zone.*
