PRESS RELEASE

(City of Castroville, Texas) I am announcing my resignation as City Administrator for the City of Castroville effective December 2, 2015. My decision to resign is to spend more time with my family, especially my wife who has been battling a serious health issue for most of this year.

I want to personally thank the citizens of Castroville in general, and the City Council, Directors, and City employees specifically for the never ending support during my tenure. I feel privileged to have been part of such a professional organization and team, and I wish all the best going forward.
